RESIDENTIAL EFFICIENT HEATING REWARDS APPLICATION

This application is for qualified equipment installed between January 1, 2017 and December 31, 2017. Please return the signed, completed application and supporting documentation within 30 days of installation and no later than January 5, 2018.

This program has a limited budget, and applications will be accepted on a first-come, first-serve basis, until allocated funds are spent. Customer must apply for the Focus on Energy Heating & Cooling Improvements Incentive to receive Algoma Utilities Efficient Heating Rewards rebate. Please provide a copy of the completed Focus on Energy application along with this application. Download an incentive application at <https://focusonenergy.com/residential/efficient-products-appliances/residential-rewards>.

All equipment installations are subject to verification inspection by Algoma Utilities. Participants must allow, if requested, a utility representative reasonable access to their home to verify the installed equipment.

HIGH EFFICIENCY FURNACES

General Requirements for High Efficiency Furnace Rewards:

- Furnaces must have a multi-stage burner and a variable-speed (ECM) blower motor (Permanent Split Capacitor or multi-speed motors are not eligible).
- Furnaces must be a sealed combustion unit.
- Furnaces must be the primary heating source for the home’s living space.
- Chimney liners must be installed where a high-efficiency gas furnace replaces an atmospherically-drafted furnace and only a water heater remains vented through the chimney. The interior opening left by the removed furnace must be closed with a metal cap and sealed with caulk or mortar.
- Contractor Invoice must include the discharge air configuration (“Upflow,” “Downflow,” or “Horizontal”).

95% or greater AFUE Furnace with Electronically Commutated Motor (ECM) - \$50 Reward:

- Furnace must have an Annual Fuel Utilization Efficiency (AFUE) of 95% or greater.
- Must be an electric utility customer of Algoma Utilities.
- Natural gas and propane furnaces are eligible. Electric furnaces are not eligible.
- Furnaces must have multi-stage or modulating burner.
- A pre-qualified equipment list is available at focusonenergy.com/myhome.
