

# A century of water and light

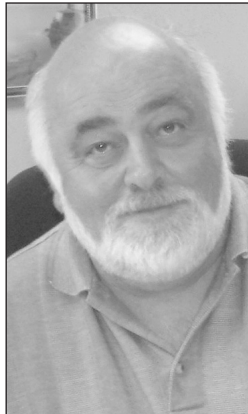

It was 1904 when the City Water and Light Plant began to pump water and generate electricity for the people of Algoma.

One hundred years later, Algoma Utilities continues the local tradition, having expanded water and power services as the community has grown.

	1904	2004
Feet of water main	24,000	139,134
Number of fire hydrants	30	235
Number of water customers	40	1,580
Annual water production (gallons)	Unknown*	99,170,000
Number of streetlights	32	412
Number of power customers	50	1,978
Annual power consumption (kW-hrs)	Unknown*	43,702,000
Number of employees	3	11
Annual revenue (dollars)	6,777	3,365,000

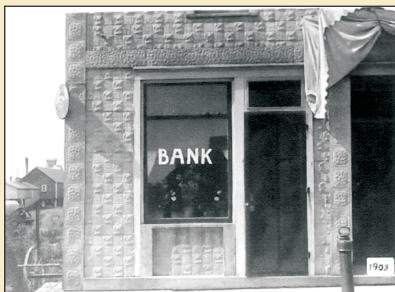

\*Water production and power consumption were not measured in 1904. Both water and power were provided to customers at a flat rate.

## Six Algoma Utilities managers in 100 years

FOR A CENTURY, the Algoma Utilities operations has had just six managers. Upper left is the current manager, James (Jim) LeCloux, who was named manager on Sept.7, 1999. Lower left is Lee Elver, plant manager from 1997 to 1999. Portrait of the other four includes, l-r, Roland LeCloux, 1973-1992; Emil Storm (seated), 1933-1966; Joe Glime, 1992-1997; and Henry Englebert, 1966-1972.

## A Century of Water & Light, 100 Years of Community Banking

As a community bank, our first responsibility is to the people who live and work right here. You have the satisfaction of knowing that your money and ours is reinvested locally. Together, we're building businesses and schools, financing homes and helping pay for college.

*Congratulations  
Algoma Utilities*
